K-Bridge

A Story about Discovery

By the award winning Author-Artist, Lucien F.A. Van Oosten now available on-line at Amazon or by clicking on the, **shop now**, a feature on the Facebook page on the book

The book introduces the main characters of a flock of pigeons, the K-bridge flock, so named because their home is beneath a great bridge by that name in a rail yard. In *Discovery*, we meet ten birds; all that remain after the devastating loss at the hands of humans. Only these ten escaped death or capture, it is up to them to ensure that the flock will go on. Each has specific duties they are expected to perform as they band together under a common goal: **Survival**.
